

Moonlight Sky Bar

Moonlight, meaning 'by the light of the moon', is the 4th and most ambitious of the La Siesta sky bars.

The Moonlight Sky Bar at La Siesta Classic Ma May is dramatically constructed combining interior design elements defining the brand's sky bars with an iconic Hanoi symbol- Long Bien Bridge.

Glass, metal and wood complement a monochromatic color palette of black, grey and hints of cream creating an Indochina feeling. The effect is softened with flowering trees and living vibrant green walls of plants.

360-degree views circle Hanoi across Hoan Kiem Lake, the Red River and the Old Quarter rooftops. The bar staff take center stage behind the octagon-shaped bar counter creating a 'Cheers-style' atmosphere.

Clearly visible from rooftop is Hanoi's symbolically iconic Long Bien Bridge. The Moonlight Sky Bar ambitiously brings the bridge to the bar. Walk above the bar counter across the mini replica of the bridge while looking out to the original. It is a stunningly outstanding piece of bar design. This complements a great beverage menu of classic and signature cocktails, fine wines and spirits as well as a food menu featuring the best in authentic Vietnamese cuisine.

Best Regards
La Siesta Classic Team
